# COMPANY ORGANOGRAM

## Our promise

We promise to provide a seamless service that is unmatched and react immediately to change. For us, sustainability care practices go well beyond selecting the best, most environmentally friendly commercial grade products and equipment.

## Why choose us?

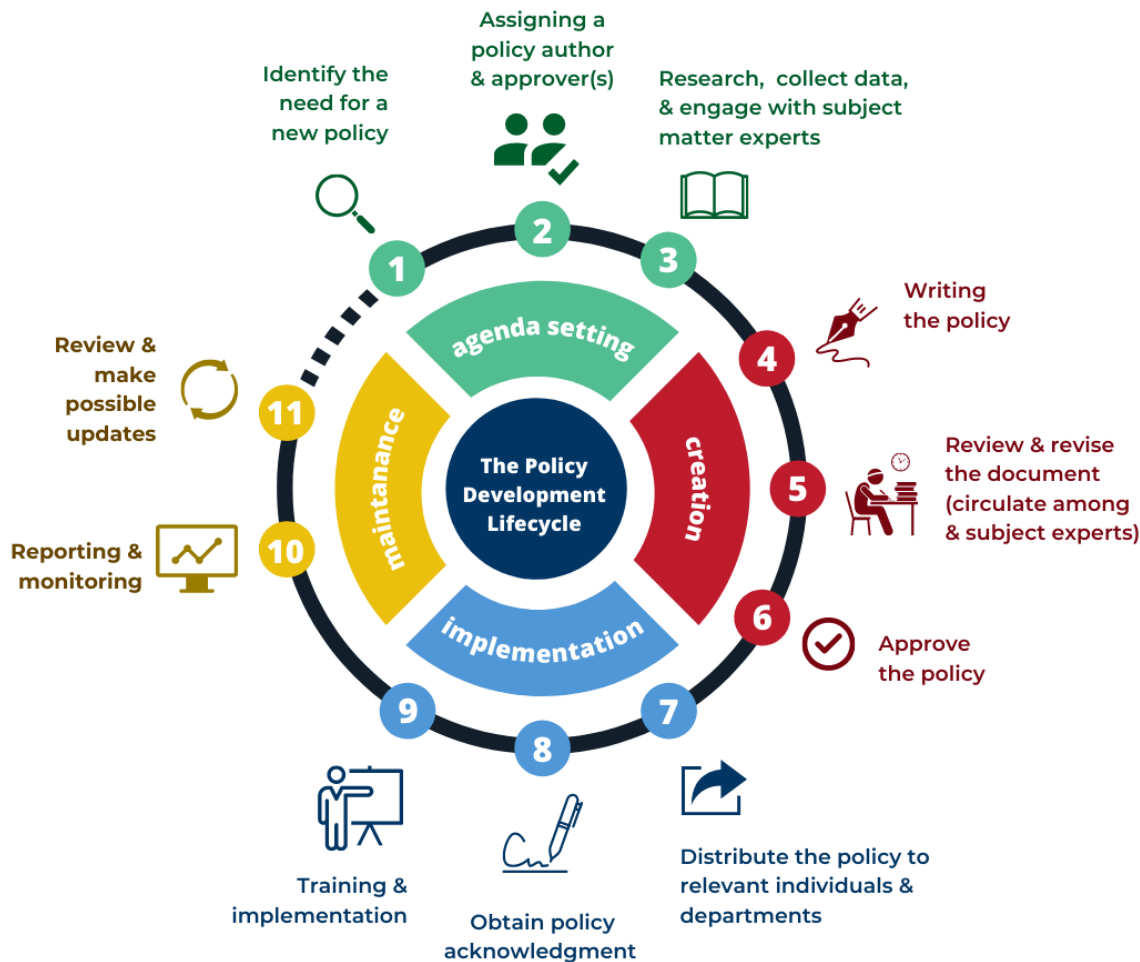

Today Lilana is one of the largest holding companies in Uganda. The creation and expansion of long-term customer relationships have been the driving factors behind our continued growth. and prosperity. As we move forward, our passion and commitment to be the best.

# Our services

## 1. Policies and procedure designing

Having policies, procedures makes a huge difference in lots of ways.

They drive best practice and underpin quality and consistency. Having them also means that your team know exactly what's expected of them, and this results in confidence and job satisfaction.

## 2. Change management

We can hold you through management process.

Effective change management can positively impact employee performance by increasing productivity, boosting morale, reducing resistance to change, improving communication, and fostering a sense of engagement when employees feel involved in the change process, leading to better acceptance and support for new initiatives; however, poorly managed change can lead to decreased productivity, stress, and reduced job satisfaction.

### 3. Team building

We have the best team that takes your staff through different activities to ensure comprehensive team building.

Team building activities offer several advantages, including improved communication, increased collaboration, better problem-solving skills, higher morale, stronger team cohesion, enhanced creativity, and a greater sense of trust among team members, ultimately leading to increased productivity and job satisfaction within a workplace.

### 4. Office Revamping

We give new look to an old faces.

Revamping an office space can improve the running of your business – Not only will it make the work environment more pleasant for your employees, but it will also help impress any clients who drop by.

Office revamping is a strategic investment that can increase employee satisfaction *and* customer retention—making the workplace a modern, intuitive space to conduct business.
